BUYER TIPS

How to Win in a Competitive Market

UNDERSTAND THE MARKET

Knowing what homes are selling for in your area helps you set realistic expectations and act quickly when the right property appears.

GET PRE-APPROVAL EARLY

A mortgage pre-approval shows you're serious and gives you an edge over other buyers.

MAKE A STRONG OFFER

Price isn't everything — but in a hot market, it matters. Consider offering flexible terms (like shorter settlement) to stand out.
